Section I, Ship dues

(Principal and recipient of invoice: ship's agent)

Ship's wharfage dues are payable for the use by a seagoing vessel of a quayside cargo handling facility. This is based on

- the quantity of cargo discharged/loaded = weight dues
- the gross-tonnage and berthing time of the seagoing vessel = tonnage dues

(1) Weight dues:

For all services, except fully containerized services at special facilities, the following weight dues will be charged for cargo loaded or discharged over the quay:

(a) For vessels on Overseas Routes

(traffic with ports in countries outside Europe as well as those ports in Europe not listed under letters (b) and (c))

incoming and outgoing - per 1.000 kilos

€ 10,50

(b) For vessels on long-distance European Routes

(in traffic with European ports, not listed under letter (c). These routes also include the ports in Iceland, Ireland, the Black Sea and the Sea of Asov, Madeira, the Azores, and the Canary Islands, the Mediterranean, France's Atlantic ports [south of Le Havre], Spain, Portugal and Morocco as well as the ports of Murmansk und Arkhangelsk).

incoming and outgoing - per 1.000 kilos

€ 9,20

(c) For vessels on short-distance European Routes

(in traffic with ports on the European mainland down to and including Le Havre, with ports on the east coast of Great Britain and for vessels in traffic with Scandinavian countries across the North Sea as well as in traffic with the ports of the Baltic Sea, including the Danish Islands).

incoming and outgoing - per 1.000 kilos

€ 6,30

Weight dues as per (a) – (c) are also payable for cargo which is delivered

- from the quay into watercraft, or
- from the quay by floating crane into a sea-going vessel being loaded at the quay, or
- at the quay from watercraft, or
- by floating crane from a sea-going vessel being discharged at the quay.

(d) The use of a quay crane for overside work or for re-stowing on board a crane rental as per Section VI (plus weight dues) will apply

on the quantity of cargo handled (invoice recipient: applicant) – per 1.000 kilos

€ 8,80

(2) Tonnage Dues:**(a) Minimum charge for the first 24 hours of berthing time - per GRT**

€ 1,20

Thereafter for each 12 hours of berthing time – per GRT

€ 0,75

multiplied by Gross Tonnage (GRT) as per the German law of 22.01.1975 applying International Convention on Tonnage Measurement of Ships of 23.04.1969

(b) Berthing time commence immediately after the vessel is moored at the quay. Sundays and public holidays will only be counted as berthing time if loading or discharging takes place on these days.**(3) Security Charge since 01.07.2004**

The following security charge will be levied:

For full and empty containers from / to seagoing vessels – per container

€ 16,40

Section II, Cargo dues

(Principal and recipient of invoice: commodities agent)

(1) Handling charges**(a) For the handling of cargo over the quay, handling charges will be levied with the calculation based on the rates detailed in section VII and VIII in €/1.000 kg, €/cbm or €/unit of the quantity of cargo handled, unless specified otherwise.****(b) For conventional receipt or delivery of LCL cargo for stuffing or stripping, the handling charges for the appropriate class of goods as detailed in section VII and VIII will be levied on the basis of the quantity in €/1.000 kg, €/cbm or €/unit of the cargo handled.****(2) Particular Handling charges for goods in transit**

Goods in transit are commodities delivered to a quay shed, redelivered but not shipped seawards from this quay shed.

(a) for vehicles - per 1.000 kilos

€ 119,30

(b) for goods of up to 5-times-cbm/mt - per 1.000 kilos

€ 92,30

(c) for goods of over 5-times-cbm/mt - per cbm

Section XII, Explanations

(1) Legal entities liable to pay	
(a) A vessel charge is required for the use of a quayside cargo handling facility by a seagoing vessel. It has to be paid by the relevant ships agent.	
(b) The charges for goods handled over the quay are	
- to be paid by the issuer of the receiving note/quay order (HDS= port data set) in outward seagoing traffic	
- to be paid by the recipient of cargo for inward traffic	

- (c) The storage charge for goods being discharged is levied on the recipient resp. for goods being loaded on the issuer of the receiving note/quay order (HDS=port data set) and in other cases from the customer.
- (d) Charges for services not specially mentioned are to be paid by the relevant customer.
- (2) Conditions of payment**
- (a) Payment of the charges and expenses incurred by the terminal are due within six days of presentation of the invoice.
- (b) The Terminal may demand advance payment.
- (c) A surcharge of 1,5% (port dues) is payable on fees (except storage charges) levied under the quay tariff.
- (3) Determination of weights and measures**
- Charges will be levied on the basis of the weights and measures shown in the accompanying documents or according to the customary average weights and measures. For goods weighed and/or measured by the quay operator, the charges will be levied on the basis of the weights or measures thus established.
For each commenced 100 kilos, cubic meter and days, the rounding is based on full unit.
- (4) Material**
As per consumption and prices as per list
- (5) Charges for carriage of goods by railway transportation company**
- (a) These price recommendations do not cover any expenses incurred by the quay operator, in particular demurrage charges to the quay operator by the respective railway operator.
- (b) Furthermore, these price recommendations do not include any charges incurred by the quay operator with respect to the provision of wagons by the respective railway operator.
- (6) Purchase tax (VAT)**
According to the currently appliance of valid statutory notice of purchase tax we are bound to account the charges for work performed in our invoices.
- (7) Hourly Wage**
For work assessed on a time basis, the determinant is considered to be skilled worker's wage as laid down in the appropriate wage agreement for dock workers in German seaports (wage group VII, average of early/late shift) plus a surcharge of 190 % to cover overheads. Charged time will be rounded off to half hours with a minimum charge of half an hour.
The rates are applicable for work done during normal working hours.
- (8) Transshipment cargo**
Shipments that arrived by sea and according to the B/L [through B/L or local B/L with markings indicating onward shipment, or B/Ls whose markings unmistakably indicate another seaport and at the same time a person jointly liable to pay] and meant for further despatch by sea.)
- (9) Our general terms and conditions:**
The operation regulations for the quayage in Hamburg (Quay Operation Regulations) and the Port Handling Regulations for the Port of Hamburg as amended from time to time shall apply to quay handling and ancillary work relating to quay handling.
According to the above Regulations, any compensation to be paid by us because of loss of or damage to goods shall be limited to two units of account for each kilogram of the gross weight of the goods.
The General German Forwarders' Terms (Allgemeine Deutsche Spediteur-Bedingungen, ADSp) as amended from time to time shall apply to freight forwarding/transport business activities and all activities that are not related to quay handling. In so far as provided for by ADSp, the forwarding insurance is covered.
Paragraph 23 of ADSp limits liability for any damage to goods
- to 5 EUR for each kilogram of the gross weight of the shipment (kg)
 - to 2 SDR (special drawing rights) per kg in the case of multi-modal transports including ocean transport
 - to a maximum of 1 million EUR or 2 SDR per kg (whichever amount is higher) in each case of damage
- Liability is limited to 2 million EUR or 2 SDR per kg (whichever amount is higher) for each occurrence of damage, irrespective of the number of claims which are made as a result of the damage that has occurred.
The aforementioned provisions shall form the contractual basis for the service used. If any service areas overlap, such provision as is most favourable to the client shall apply to the liability of UNIKAI Lagerei- und Speditionsgesellschaft mbH, Hamburg.
